MAHATMA GANDHI INSTITUTE & RABINDRANATH TAGORE INSTITUTE

Please refer to the ‘Second Communique to Academic Staff and Students’ posted on this website on 13 April 2020 refers.

Students and academics of the MGI & RTI are hereby being informed that, the Management of the University of Mauritius has endorsed the decision of the MGI Board of Studies for the deadline for the submission of final year projects/dissertations for Under-Graduate Programmes of Studies to be one month after the end of confinement. The information in MGI’s communiqué dated 13 April 2020 is being maintained and the deadline for the submission of dissertation/project will, thus, be 05 June 2020.

The same decision will apply for students of Diploma Programmes of Studies and for students of Level III of the School of Fine Arts, who are required to submit a project.

Students are reminded that the rules and regulations with respect to electronic submission of final year projects/dissertations continue to apply, wherever this has been provided for in existing regulations.

Submission should be in electronic format only and the electronic copy should be accompanied by the Turnitin Report for degree students. Exceptionally, no hard-copy needs to be submitted this year. Students are required to submit their final year projects/dissertations, in PDF format, to their respective Project/Programme Coordinator and copied to their Dissertation Supervisor.

School of Fine Arts Projects: Students should liaise with their respective supervisors to complete outstanding project work, if any, as and when courses would resume. Students are advised to consult the MGI & RTI website (www.mgirti.ac.mu), as well as the UoM website (www.uom.ac.mu) regularly for updates. (dated :21.04.20)
